Peppercorn
BRINGING THE HAWKESBURY TOGETHER

What can Peppercorn Home & Garden Maintenance do?

Peppercorn can help you maintain your independence and quality of life. Our program ensures that your home has safer access, and environmental health and safety hazards are minimised.

Our service supports residents firstly in the Hawkesbury local government area, and then in Penrith and the Blue Mountains LGAs.

Am I eligible for subsidised services?

You must be over 65 or be an Aboriginal and Torres Strait Island person aged over 50, and you have been assessed by My Aged Care as needing assistance with daily living.

How does Peppercorn's program work?

Peppercorn's Home & Garden Maintenance Service can connect you with a local contractor who will provide you with lawn mowing services and minor yard maintenance.

The Government requires us to focus on repairs or maintenance of the home and garden to improve safety, accessibility and independence for your home.

Once your home has been made safer, you will be able to arrange regular visits with the contractor who performs your service.

**Call My Aged Care today
1800 200 422**

How much does it cost?

The contractor will let you know how much your garden maintenance will cost. This will depend on the size of your garden, and whether you want other services like lawn edging, pruning, and rubbish and weed removal.

Peppercorn will provide you with a voucher worth up to \$30.

You can use one voucher for each visit, reducing the overall cost of your lawn & garden maintenance.

For more information, call Peppercorn's Home & Garden Maintenance team today on 4577 9975.
